

# Wethersfield Academy for the Arts

## ***Pyrography***

**(Wood-burning)**

**Saturday,  
March 2, 2019**

**9:30am - 4:30pm**

with  
**Aline Hoffman**

Learn this unique method of drawing on wood. For beginners and those

with some experience. Aline will demonstrate how to go from the drawing of a subject to pyrography. Her tips will turn your burning into hours of creative fun. You will explore the types of wood, preparing the wood, burning pens, drawing and shading techniques. Attendees must have their own burning equipment and provide the wood or gourd they would like to work on. A subject matter in the form of a photo or drawing will be transformed when burning lightly, reworking an area to darken (values) with appropriate pens. Email us for materials list.
